Workhouse Here Assured Support

OFFICIALS OF OTHER COUNTIES APPROVE PLAN

Would Send Prisoners Here, They Announce in Statements Today

FIVE COUNTIES IN LIST

Wyandot County Commissioner Advocates Calling Conference

Officials of counties surrounding Marion gave added impetus to the movement for establishing a workhouse here in statements today which promise that prisoners would be sent to the workhouse here should one be placed in operation in the near future.

Other counties in Ohio, in addition to Marion, which have been invited to the prison will be admitted to the Marion workhouse after Sept. 1 and commissioners are now seeking a new place of confinement for their lawbreakers.

With this situation facing them and with hopes of obtaining an agreement with workhouse officials in other Ohio cities, commissioners and other officials in counties near Marion signify their willingness to support the project here. Establishing of a workhouse in Marion was proposed yesterday by Prosecuting Attorney Wiedemann and the matter is scheduled to come up for discussion before the county commissioners soon.

Prayer Conference

That a joint meeting of the commissioners of all surrounding counties should be held in the near future to decide on the matter is the belief of C. P. Bratt, commissioner of Wyandot County in a statement today.

Other commissioners of Wyandot County also pledged their support to the project, even though only one prisoner has been sent to the Dayton workhouse from there in the last eight years. Other county officials agreed to accept the plan principally because of the proximity of the location of the

URGES PARTY DEMAND THAT COOLIDGE RUN

F. W. Warner, State G. O. P. Head, Favors "Drafting" President for Nominee

The Republican party should insist that President Coolidge be a candidate for reelection and should use every possible means to "draft" him as its 1928 nominee, in the opinion of Warner, attorney who is chairman of the state Republican central and executive committee.

Warner made the declaration this morning before going to Columbus, where he was to be in conference to day with several other state party leaders. The conference is to be informal. Warner indicated the plan seems to displease various important party bosses. Those attending were to be guests at a luncheon.

Plans for Conference

Although no definite outline of the plans was available this morning, it was indicated that the announcement made by Coolidge yesterday stating that he did not "choose" to be a candidate for reelection would be one of the chief matters discussed.

If President Coolidge can not be induced to run in Republican party, it will another nominee of his type," Warner said this morning. "He must be a man of courage and wisdom. It is important that the country have a chief executive of that caliber one.

The basic system of government is steadily gaining ground in this country and is combatting this trend. The president must be a man like Coolidge, a man of courage who will represent the people and their interests instead of some particular division or clique," the state chairman asserted.

POLICE SEEK THREE IN FATAL ATTACK ON WOMAN

Wife of Cincinnati Contractor Beaten Over Head with Rolling Pin

Cincinnati, Aug. 3.—Police here today were seeking three neutrals in connection with an attack upon Mrs. Minnie Tull, 36, wife of a contractor who died as a result of being beaten on the head with a rolling pin by the attacker who slipped into the kitchen of her home in Shiloh Creek, near

The attack, believed to have occurred sometime yesterday morning, was not discovered until the husband returning home yesterday afternoon found his wife unconscious from blows on the floor of the kitchen. She died in General Hospital last night with no apparent consciousness, according to details of the attack.

Three negro men in the vicinity were after the attack was discovered were being sought today.

Police expressed the belief the attackers were the same two who two weeks ago entered the home of Joseph Barnes, here, bound members of the family, and started Barnes' young daughter, a 25-month-old, out to the rear of the house of the three negroes who entered the Barnes home.

Two WOMEN BURNED TO DEATH AS TANK EXPLODES

Cebu, Aug. 3.—Mrs. Ashley Bowes, 26, and Mrs. Rebecca Freeman, 26, were burned to death here when the gasoline tank of Mrs. Bowes' automobile exploded as she attempted to start the machine in a building used as a garage and also in house on incubator. It is believed the incubator lamp ignited leaking gasoline.

STATE TAKING STEPS TO HALT DREAD EPIDEMIC

Twenty-Four Cases of Infantile Paralysis Discovered in Three Communities

MARTINS FERRY HIT

Children Ordered To Remain at Home, Barred from Church, Theater

Columbus, Aug. 3.—With 21 more positive diagnoses of infantile paralysis and more than two score of suspected cases in three Ohio communities, the state health authorities today took prompt steps to investigate the causes of the outbreak. To determine what measures are needed are to ball its spread.

According to reports of the state health department, 20 cases have been diagnosed as the directed. 13 of those diagnosed have been found in Martins Ferry, Ohio, and the deathless has already occurred at Chillicothe and Dennis. Of four cases have been a fatal and 20 other suspected cases are under observation.

State Man Called.
Both Martins Ferry and Chillicothe health commissioners who are not physicians and because of that Dr. Chandler C. Hodges, chief of the bureau of communicable diseases who left for Martins Ferry and the other affected cities today declined the services to the bureau are not taken as absolutely final.

Children Quarantined.
Martins Ferry is under quarantine officials here said, and all children under 10 years old are required to remain in their own yards. Churches, Sunday Schools and theaters have been ordered to refuse admittance to all children under 10.

Several suspicious cases have been reported in Martins Ferry, the state health department reported, but of the known cases have been limited to 24 and one death.

Causes for the origin and spread of the disease is unknown here since health officers declare.

Attendance Subsidized

While the Chautauqua did not come to the expectation of those in charge from a financial standpoint, it was the task of much endurance and enthusiasm of all hell since the World War and indications are that next year sessions will rank with previous crowds and talent. Here and the threatening weather cut down the attendance yesterday on the single admission tickets.

Pledges numbering more than 600 as over the presentation of next year's program and excess last year pledges of about 75. This year's program is planned to be of the highest type and entertainment carried enough to please the fans of every pattern.

The night grand, which was the largest of the entire season with the exception of Sunday, opened to the state house by William H. Reid, secretary of the executive council, the first scheduled meeting for that day after a 24 and one death.

The fact that Governor Coolidge's visit to the New Hampshire session is to be given out tonight and that the council meeting has been postponed until after the announcement of the election, caused much speculation.

State house observers were as much in the dark as ever on the nature of the election but a majority thought that the council was to be consulted when was taken to mean that the governor was to be consulted to intervene.

NO STATEMENT BY LA FOLLETTE

Madison, Aug. 3.—Asked to comment upon President Coolidge's declaration he did not "choose to run in 1928," United States Sen. Robert M. La Follette, of Wisconsin, spokesman for the Progressive party in national politics declared today over the telephone from Madison. Both he and his wife are ill.

We do not care to make a formal statement at this time. The president's announcement while not entirely unexpected comes as a swelling of a surprise. We believe that it will be best to observe the situation more thoroughly and to await further developments before issuing a statement. I will make a formal statement in behalf of the progressive element later.

POWER SYSTEM WILL BE CHANGED BY POLLAK CO.

Installation of New Electrical Equipment in Progress at Local Plant

Constructing work for complete electrification of the Polk Steel Co., which was started nearly a month ago will be finished early in October, it was learned today.

The work, according to company officials, includes the installation of a number of large motors, gear sets and auxiliary drives for operating mill and auxiliary units.

Upon completion of the installation, the Polk Steel Co. will have one of the best equipped mills in the country, officials state.

The local company will electrify generating its own power and operation of the new equipment will be made by power from the C. I. & M. Electric Co.

Plans for the installation of the electrical equipment were completed recently after a careful survey was made of other mills of the country. Practically all of the equipment had to be especially designed for the local conditions.

UNUSUAL SPECTACLE

Early Rains Stop Steel Rain
box at 5 A. M.

According to reports from a number of Marion's early risers, no unusual spectacle was witnessed this morning shortly after 5 o'clock.

The sky in the west, however, was suffused with a rose glow and a large and beautiful rainbow shot its rays

across the eastern horizon.

REPAIRS NEAR COMPLETION ON SHOP TRACKS

Force of 30 Men Making Im-
provements on Factory
Sidings Here

Work on the Herring Valley tracks
leading into the plants of the Oregon
Co. Paper Mills, Long, and Commercial
Steel Casting Co., is well under
way today.

Thirty men under the direction of
Superior F. A. Sparks of the local
Division of the Herring Valley are
employed in repairing the tracks. It
is estimated that the work will be com-
pleted within the next few days.

There are three men here now
to be installed as they arrive. The
tracks were taken over by the railroads
company last spring and it is now
badly in need of repair.

Excursion Thursday
Many local persons are expected to
take advantage of the second 16-day
trip of the Erie excursion to New York and
return with strike. The excursion
is on now and the Erie train
Stopovers are permitted.

The first excursion of this nature
was well patronized. It operated
through Marion on July 7. The third and
last of the three planned for the summer
will be held within the next three weeks.

Cassation Decrees
The summary of state decisions and
decrees for Marion in 1927 just released
by the Interstate Mineral Commission
show a substantial improvement in

the safety of railroad operations in
the state, as measured here.

In March 1927 there were 1,727
train accidents, as against 1,798
in March 1926. Eight in April 1927
